

# The Simple Guide to **DROPSHIPPING**

with WAANDS™

**1**

## **SETUP YOUR ONLINE SHOP**

After signing our contract, you are provided with our photos & product descriptions to create your own shop listings. You will also configure shipping prices to match ours.

**2**

## **RECEIVE AN ORDER**

Your customers & clients submit orders through your site, and you receive the full payment for their order into your account.

**3**

## **HEAD TO OUR SHOP**

Add those same products to a cart in your account at [wholesale.waands.com](http://wholesale.waands.com)

**4**

## **ENTER YOUR CUSTOMER'S SHIPPING ADDRESS & PHONE NO.**

This tells us to ship the order directly to your customer.

**5**

## **ENTER YOUR OWN BILLING DETAILS**

Including your email (NOT the customer's). You pay the **wholesale** cost for the order.

**6**

## **PASS ON THE TRACKING NUMBER**

You'll receive an email confirmation for the order which includes the carrier & tracking number. Pass this on to your customer :)
